Dear Friends,

This has been a year of growth and consolidation of existing programmes for CORP with a plethora of achievements to be celebrated. Although the list is very long, I'm happy to share some major milestones of this past year.

The scholarly achievements of the children in three shelters are a matter of immense pride. Sonam, the first resident to complete graduation successfully now works as a nurse in a reputed hospital. Deepali scored 82.2 percent in her Xth board exam and is attending junior college in science stream. Fourty out of eighty seven shelter children are enrolled in English and semi

English medium schools. In order to equip them better, this year we have employed a full time English teacher, who helps the children in improving their spoken and written skills. Our students' academic progress reaffirms CORP's long-standing commitment to quality education, which we have achieved through partnership with good formal schools and an emphasis on private tuition.

CORP's daycare centre for street children this year witnessed a threefold increase in the number of children attending on a regular basis. It serves as a platform for these children to enjoy various educational, nutrition and fun filled activities

Letter from the Director

organized by our staff and enthusiastic volunteers. This is possible only because of the credibility and trust which we have built in these communities over the years. Women empowerment has always been our focus. In order to enhance their talents, CORP introduced major changes in the vocational programmes. Three training centers at Jogeshwari, Dharavi and Ambarnath have been revamped. We opened a new centre in Thane in partnership with The Vodafone Foundation which played a leading role in skill development and spreading best practices. Certified courses with standardized and improved curricula have been developed here. These are

then delivered through professional trainers in all the centers. To further encourage and assist the women, our income generation programme has been productive in procuring orders for different items.

This level of intervention wouldn't have been possible without the resolute commitment of CORP's dedicated staff and volunteers, the financial backing of donors and the goodwill of partner organizations that discounted the constantly rising costs of providing essential services. On behalf of the millions of needy, underprivileged children and women living in Mumbai, I wish to express our gratitude to all those who provided

us the financial support and worked effortlessly with us throughout the year.

Together we have brought joy to the several thousands of lives that we impact each year. While we reflect on the work ahead, let us enjoy a glimpse of their smiles, throughout the wonderful photos of this annual report!

Sincerely,

Nirmal Chandappa
Director

A young girl in a yellow dress is smiling and holding a yellow cloth. In the background, a group of women are sitting on the floor, some wearing colorful saris. The scene appears to be an indoor gathering or a community event.

What We Do

Community Outreach Programme- CORP-was formed in 1977 with the aim of empowering at-risk children, teens and women by providing education and skills training that help them lead an independent and dignified life. In the last thirty seven years CORP has grown from a single community center at Dharavi to a network of 18 centers spread across the slums of Mumbai.

Mumbai, as we know, has two faces- one which is full of glitz and glamour, a city of dreams and hopes, and the other, the crude reality of filth and misery, the endless labyrinth of slums spread across the city. We understand the pitiable plight of these slum dwellers and that is the reason why all our 18 centers are situated in these areas. We provide safe shelter, nutritious meals, quality education, healthcare, childcare, legal guidance,

vocational training, income generation, capacity-building workshops and other critical support services to foster independence and self-sufficiency.

CORP plays a pivotal role in improving the daily existence of the millions of children and women living in Mumbai's forgotten underbelly. Every year, more than 5,000 families benefit from these programmes. We serve over 1,500 children of all ages and backgrounds every year and provide them a safe and enriching environment, conducive to a better life. Children with disabilities are given nutritious food, health check-ups and counselling along with hearing aids, calipers and wheelchairs to help cope with their disabilities. For women, too, CORP has developed an exhaustive network of education and vocational training programmes to equip them with the practical tools and training they require

to be self-sufficient. CORP also runs a programme for senior citizens including 'Foodbox for Granny', a grocery distribution initiative which was started last year. Senior citizens living alone in slums face not only a life of loneliness, isolation and monotony but also lack of nutritious meal and medical support. Apart from nurturing women and children, CORP also holds a number of programmes designed to meet the needs of the entire slum community.

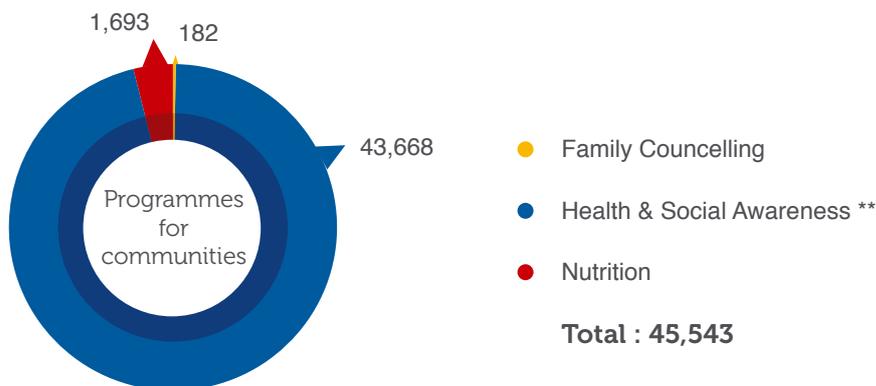

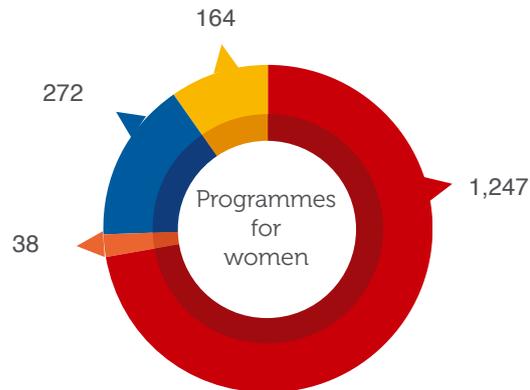

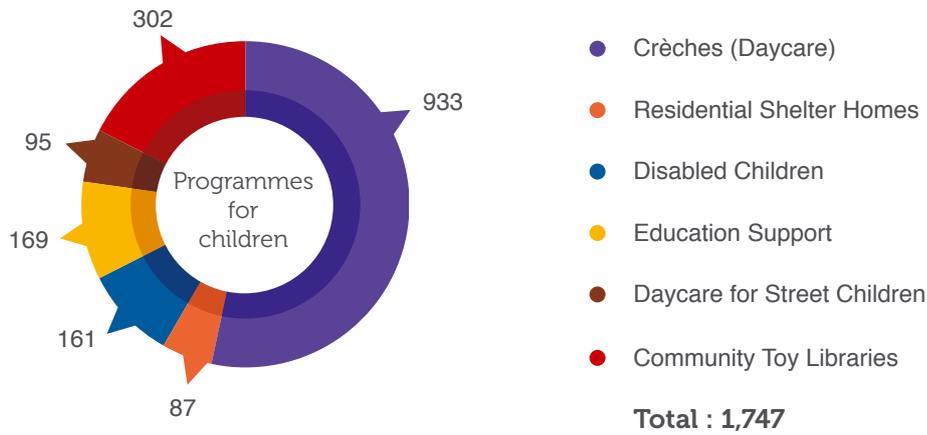

Our Counselling Center has resolved disputes of women who were victims of domestic violence. Over 500 health, nutrition and awareness programmes were conducted to provide and promote good health, clean environment, good hygiene and safe habits of eating and drinking.

Our Vision : CORP envisions a society where all women and children are dignified, empowered and their basic rights are respected

Our Mission : CORP's mission is to educate, nurture and guide vulnerable children, to empower disadvantaged women and to raise the standard of living for Mumbai slum communities

Total Beneficiaries in 2013-2014 : 49,011 *

* Beneficiaries include all the persons CORP has worked with throughout the year

** The total number of beneficiaries includes participants from all health camps, as well as beneficiaries of routine care through the CORP centres

Our Programmes

Children

Children, being the building block of society, require a safe and protected environment to blossom. CORP believes that education is the strongest tool which can brighten a child's future and therefore, we have range of programmes designed to serve children of all ages and academic backgrounds. Along with education we also care about nutrition, health and child rights. Through our various programmes we ensure a secure, encouraging and enriching environment to over 1,500 children every year.

Crèches (Daycare)

A child grows into a wise and responsible person on the basis of a strong foundation. So the first few years are very crucial for the overall development of children. Our network of crèche programmes has been operating in the poorest areas of the city. CORP works to nurture the children in a homely environment by providing them with nutritious meals, basic healthcare, hygiene and of course fun learning.

“ **Over 900 children benefit from our 12 crèche centres** ”

Vinita | Teacher

“ If someone is in great need, and my little assistance makes that person happy, I feel my life is worth living ”

Residential Shelter Homes

Our residential shelter homes are designed with the objective of providing “hearth and home” to destitute children. Most of the children living in the shelter homes were formerly homeless or abandoned. CORP’s shelter homes are like a home away from home, where we provide the children

with nutritious food, education, regular health check-ups and other basic needs. The children are taken care by our staff, who live with them as house parents and treat them as their own children. Here every child is treated as an individual and is given regular counselling, which helps us in understanding and moulding the child’s

behaviour. Some of our children have already turned into professionals like nurses, teachers, auto-mechanics. Though, they live in hostels CORP continues to support them with funding for accommodation, tuition, travel and other expenses till they become self-sufficient.

Sharanam Shelter Home for Girls

Sharanam was started fourteen years ago in Mumbai’s biggest slum Dharavi, to support the girls who were homeless, destitute, neglected or abandoned.

This year Sonam made history by being the first to successfully complete graduation and is now working as a nurse in a reputed hospital. Bharti who completed her photography diploma

from Rachna Sansed College of Art, conducted her first photo exhibition. Twenty one out of thirty six girls are enrolled in English medium schools. As many of our girls approach graduation we have hired a full-time Education Programme Officer to assist them with college preparation, admissions and career planning. Seven of our girls are attending

colleges whom we support by paying tuition fees, hostel lodging and boarding. Three girls did summer-internship.

The girls throughout the year enjoyed various activities like dancing, singing, basketball, swimming, art and craft and also shot a video.

Sharada | Shelter House Parent,
Project In-charge

“ When I see my girls being successful and independent, it gives me extreme happiness ”

Sonam | Shelter Resident

“ I am a professional nurse, I can support my life! It’s something I never imagined ”

Praveen | Shelter Resident

“ Apart from education and good life, I get to learn dance and computers, life is best here ”

Grant Road Shelter Home for Boys

The shift of shelter from Reay Road to a well-equipped apartment in Grant Road, which happened at the end of 2012, saw a significant change in the overall development of our children, be it academic or otherwise. This year we have a new addition, David, the son of house parents Jonathan and Pinki. He is the little baby brother

for the eighteen boys living in the shelter. Since education is our main priority, this year fourteen boys are enrolled in English and Semi English medium schools. One of our boys, Vishal, successfully completed his automobile mechanical course and has started working while continuing his class VIIIth from night

school. CORP is providing him with accommodation and other expenses as well.

The boys also enjoyed many activities like cricket and football training by professional coaches, swimming and yoga classes throughout the year.

Thane Shelter Home for Boys and Girls

Our third shelter home based at Thane was initially started to provide safe shelter to children of commercial sex workers working in nearby red light areas. The children are either orphans or abandoned by their poverty ridden family. This is the only shelter where girls and boys live together as many are siblings.

From this shelter, this year three girls appeared for X board examination, out of which, Deepali scored 82.2 %, and two have been admitted to junior college. Three more girls completed a three month MSCIT computer training course. Fourteen one out of thirty three children are enrolled in private schools.

It was also a fun filled year; children participated in many activities and external competitions like dance, skit, football and cricket matches.

Kavita | Shelter Resident

“ I love when my mates and teacher praise me for my good work “

Sidheshwar | Mother

“ My child is getting special care, which I would have never done on my own ”

Disabled Children

Bringing up a child itself is difficult for any family living in slums, but the problem for parents of a child with special needs are overwhelming. Not only is it more expensive to raise a child with disability, but parents often lack the required social and professional support.

To help such parents and children CORP developed an integrated programme to improve the lives of disabled children. Our life skills session teaches positive strategies

to cope with daily challenges, while counselling provides psychosocial support. We also provide education support and computer classes to these children. We try to integrate them in regular private and government-run schools by offering additional coaching and support as and when required.

At our two centers, one at Matunga and other at Thane the children are given regular health checkups and physiotherapy. Children with hearing impairments receive care at the Ali

Yavar Jung National Institute for the Hearing Handicapped, where they receive pediatric, IQ, and educational assessments, as well as speech therapy. This year we distributed 21 hearing aids, 1 caliper and 28 wheel chairs. CORP also provides career counselling and professional training to older children so that they are able to cope with their disabilities.

“ This year we have distributed medical aids worth Rs. 4,68,100 to our beneficiaries. ”

Education Support

“ Education for all ” this is what we believe in. At our community centers, we provide before and after school tuition programme for children who need special attention as most of them get minimal educational support at home.

Over 150 children at our centers receive personal attention, study

materials, school accessories, homework assistance and nutritional snacks in a conducive environment. We at CORP not only help children but also counsel parents about the importance of education.

For school drop-outs also we have a series of non-formal education classes, which includes non-certificate courses

in basic literacy and maths. We encourage these children to join one or the other programmes so that they can support themselves and their families despite being a drop out from school.

Daycare for Street Children

Our daycare centre for street children was started with an aim to rehabilitate homeless children from nearby pathways and railway platforms at Grant road. The children attend the programme between 9 am to 6 pm daily. They learn basic Hindi, English, Maths, art and craft, attend computer, music and swimming classes in a protected environment under the supervision of our staff. It's a forum for social interaction for these children. We also provide hot nutritious meal, medical care and counselling. Nearly 100 children visit us on a regular basis. The centre also arranges sponsorships and placements for school-aged children while providing remedial education and job training for youth. CORP goal is to build a relationship with them in the hope that we can make their future bright and help them in breaking the cycle of poverty.

Community Toy Libraries

“Toy” is the love of every child. The joy is much bigger for those children who have never got a chance to play with them. CORP, therefore, established Community Toy Library in partnership with Toybank, a local non-profit organization that specializes in providing toys and games to disadvantaged children. The children aged between 6 to 15 years visit twice a week for two hours at our centers in Dharavi, Matunga, Reay Road, Thane, Virar, Ambernath and Jogeshwari. The children not only play but also learn from these interactive toys and games. This helps us in observing the child's behaviour from the game he or she chooses and provide counselling support if required.

“ More than 300 children benefitted from our 6 toy libraries.”

Women

Though we are living in 21st century, an era of freedom and equality yet the plight of women remain the same especially in slum areas. They are usually illiterate and many are victims of domestic violence. They rarely get a chance to enhance their skills. In CORP, we strongly believe that if a woman is empowered, her family and generations to come will benefit. We therefore, have a network of women oriented programmes designed to empower them.

Vocational Training and Income Generation

Our community centers provide vocational training in tailoring, embroidery, jewellery-making, beautician, mehndi and Montessori teachers training, which not only makes them independent but also confident. These skills enable them to get jobs. They are also able to earn by providing service in the community they live. Some of them were even inducted as our own staff.

Our newly opened full-fledged tailoring unit and beauty parlours are fully functional now. This year saw major changes in terms of certified courses with standardised and improved curricula, professional trainers and modern equipments.

CORP not only believes in skill training but also supporting income generation. We took orders for products like bags, table mats, soft toys, belts, door mats. The trained women come to our centers to make these products and earn a stipend. You can imagine the kind of confidence and joy a women can get from being self-sufficient!

“ **Our vocational training programs benefitted over 1,200 women in the communities in becoming self-sufficient.** ”

Sangita | Income Generation Beneficiary

“ I don't just learn simple tailoring but something extraordinary ”

Savita | Program Officer

“ It’s great to see beneficiaries learning as well as being self sufficient ”

Venu | Senior Citizen Beneficiary

“ I have a place where I can eat, enjoy, spend quality time, laugh and play with kids ”

Senior Citizen

Often elderly people have to go through a life of loneliness, isolation and monotony, which can be soul destroying. The situation however is worse in slums as they face an array of hardships like lack of medical care, nutritious food. Many of them are abandoned by their families and end up living alone.

In order to address these issues CORP conducts programmes for

senior citizens in 11 community centers. Our programmes include health awareness talks, medical check-ups, counseling, social and religious outings along with nutritious food. “ *Foodbox for Granny* ” was started last year to provide provisions to senior citizens. We also distributed sarees, shawls, and blankets to needy senior citizens.

“ **By the end of last year 165 food boxes were given to senior citizens. This year, the number has increased many folds to more than 100 every month.** ”

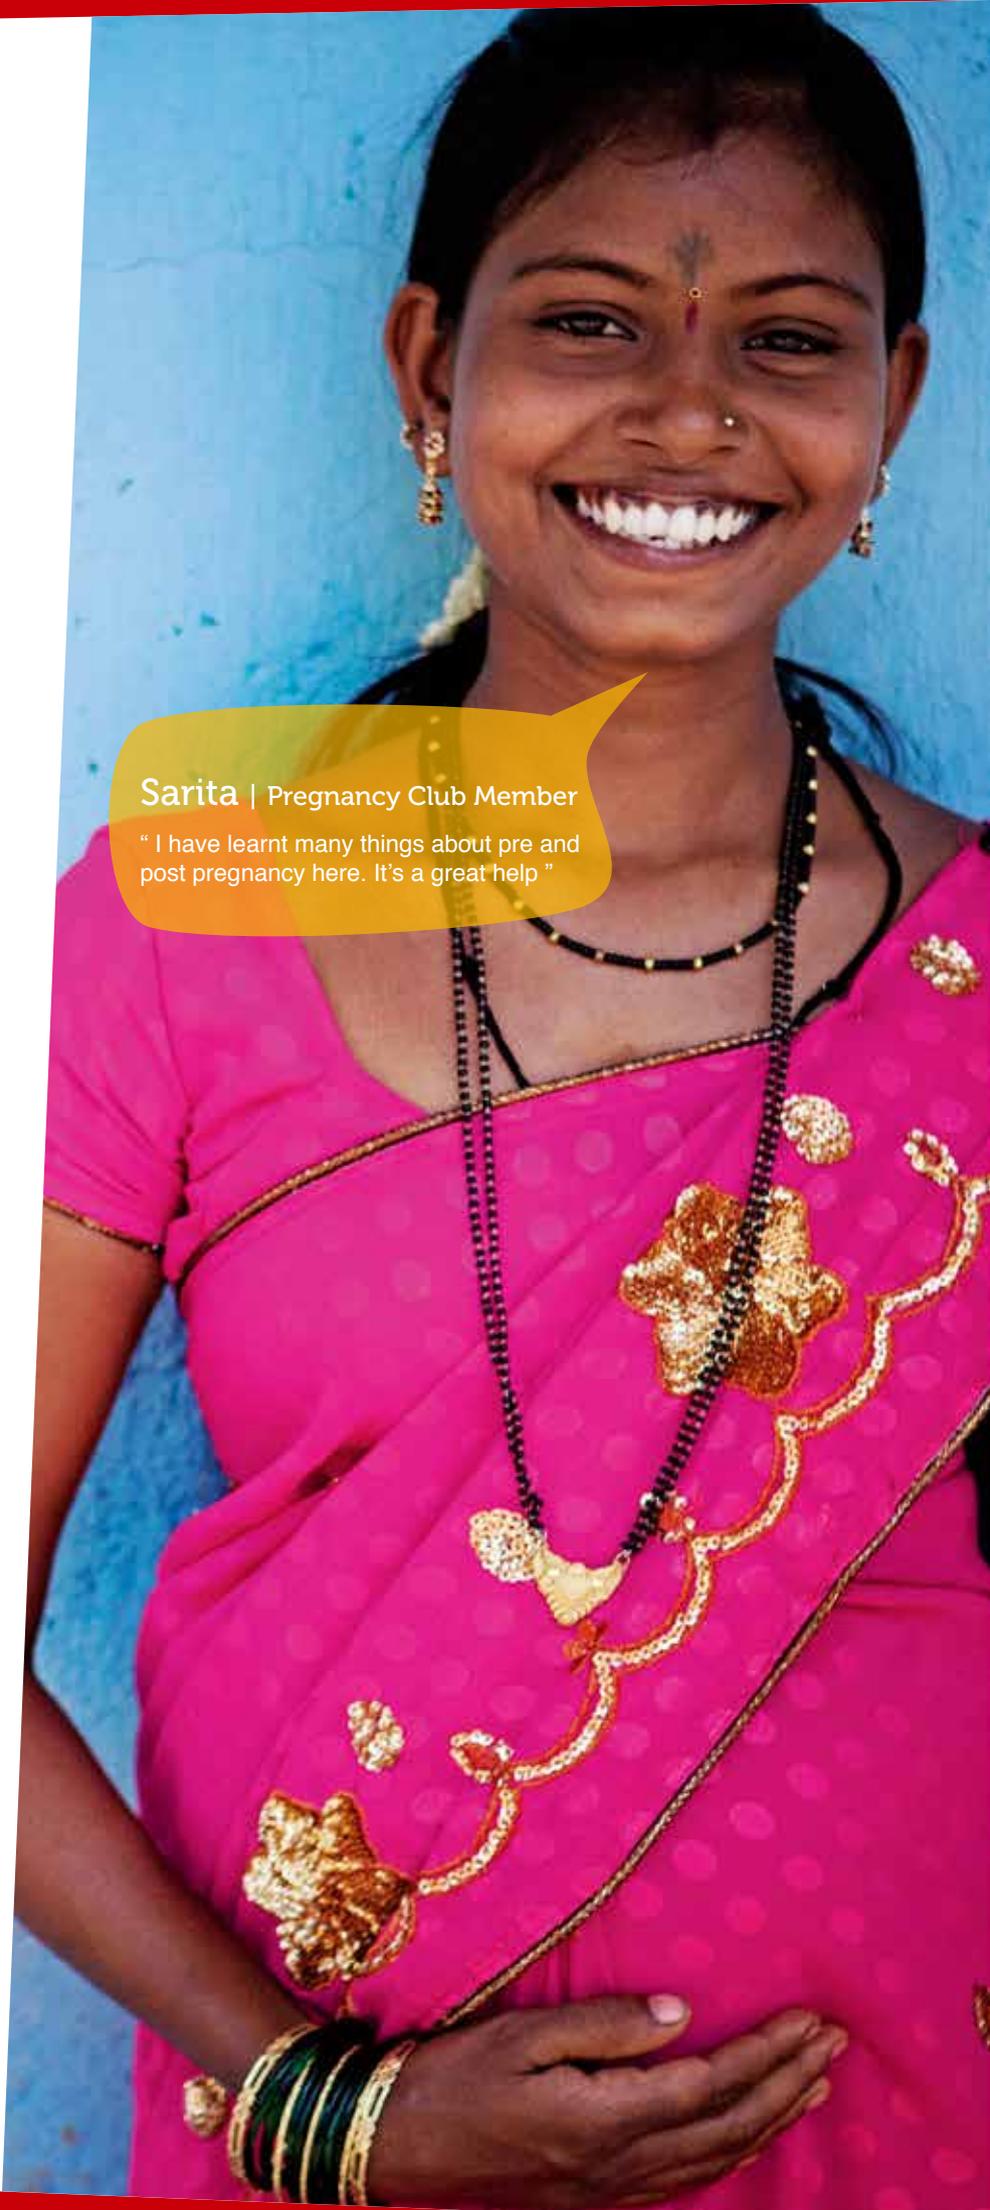

Community

CORP extends its support beyond children and women to the disadvantaged people living in slums by organizing medical camps, family counselling and social awareness talks. Our motto is to foster economic independence, self-reliance among the families living in slums. We through our hard work have been able to infuse trust among the people we serve. People in the community feel comfortable to visit us anytime for any kind of emotional, educational and physical support.

Family Counselling

Women by and large face problems related to early marriage, abusive husbands, dowries, harassment by in-laws, extra-marital relationships, family and property disputes. Women living in slums are more vulnerable due to lack of awareness and social restrictions. These problems are depressing, and often force them to take extreme steps. We at CORP believe that an affectionate pat and kind words do wonders in healing them and spreading joy and happiness. When required we make them aware about their legal rights.

Our programme is supported by Maharashtra State Social Welfare Board and Central Social Welfare Board. It is also recognized by Crime Investigation and Social Welfare Branch of the Mumbai Police, which now refers cases directly to us.

Sarita | Pregnancy Club Member

“ I have learnt many things about pre and post pregnancy here. It's a great help ”

Health, Awareness and Nutrition

“ In a healthy body, resides a healthy mind ”! Therefore, all our programmes are designed to promote good health, encourage residents to keep clean environment, practice good hygiene and encourage safe drinking water. Our programmes focus on providing vaccines, vitamins, healthy habits

and proactive medical care. We organise monthly medical check-ups for infants, children, women and elderly beneficiaries. CORP provides special care to pregnant women. We also provide pre-natal care, regular gynecologist visits, including early hospital registration and disposable

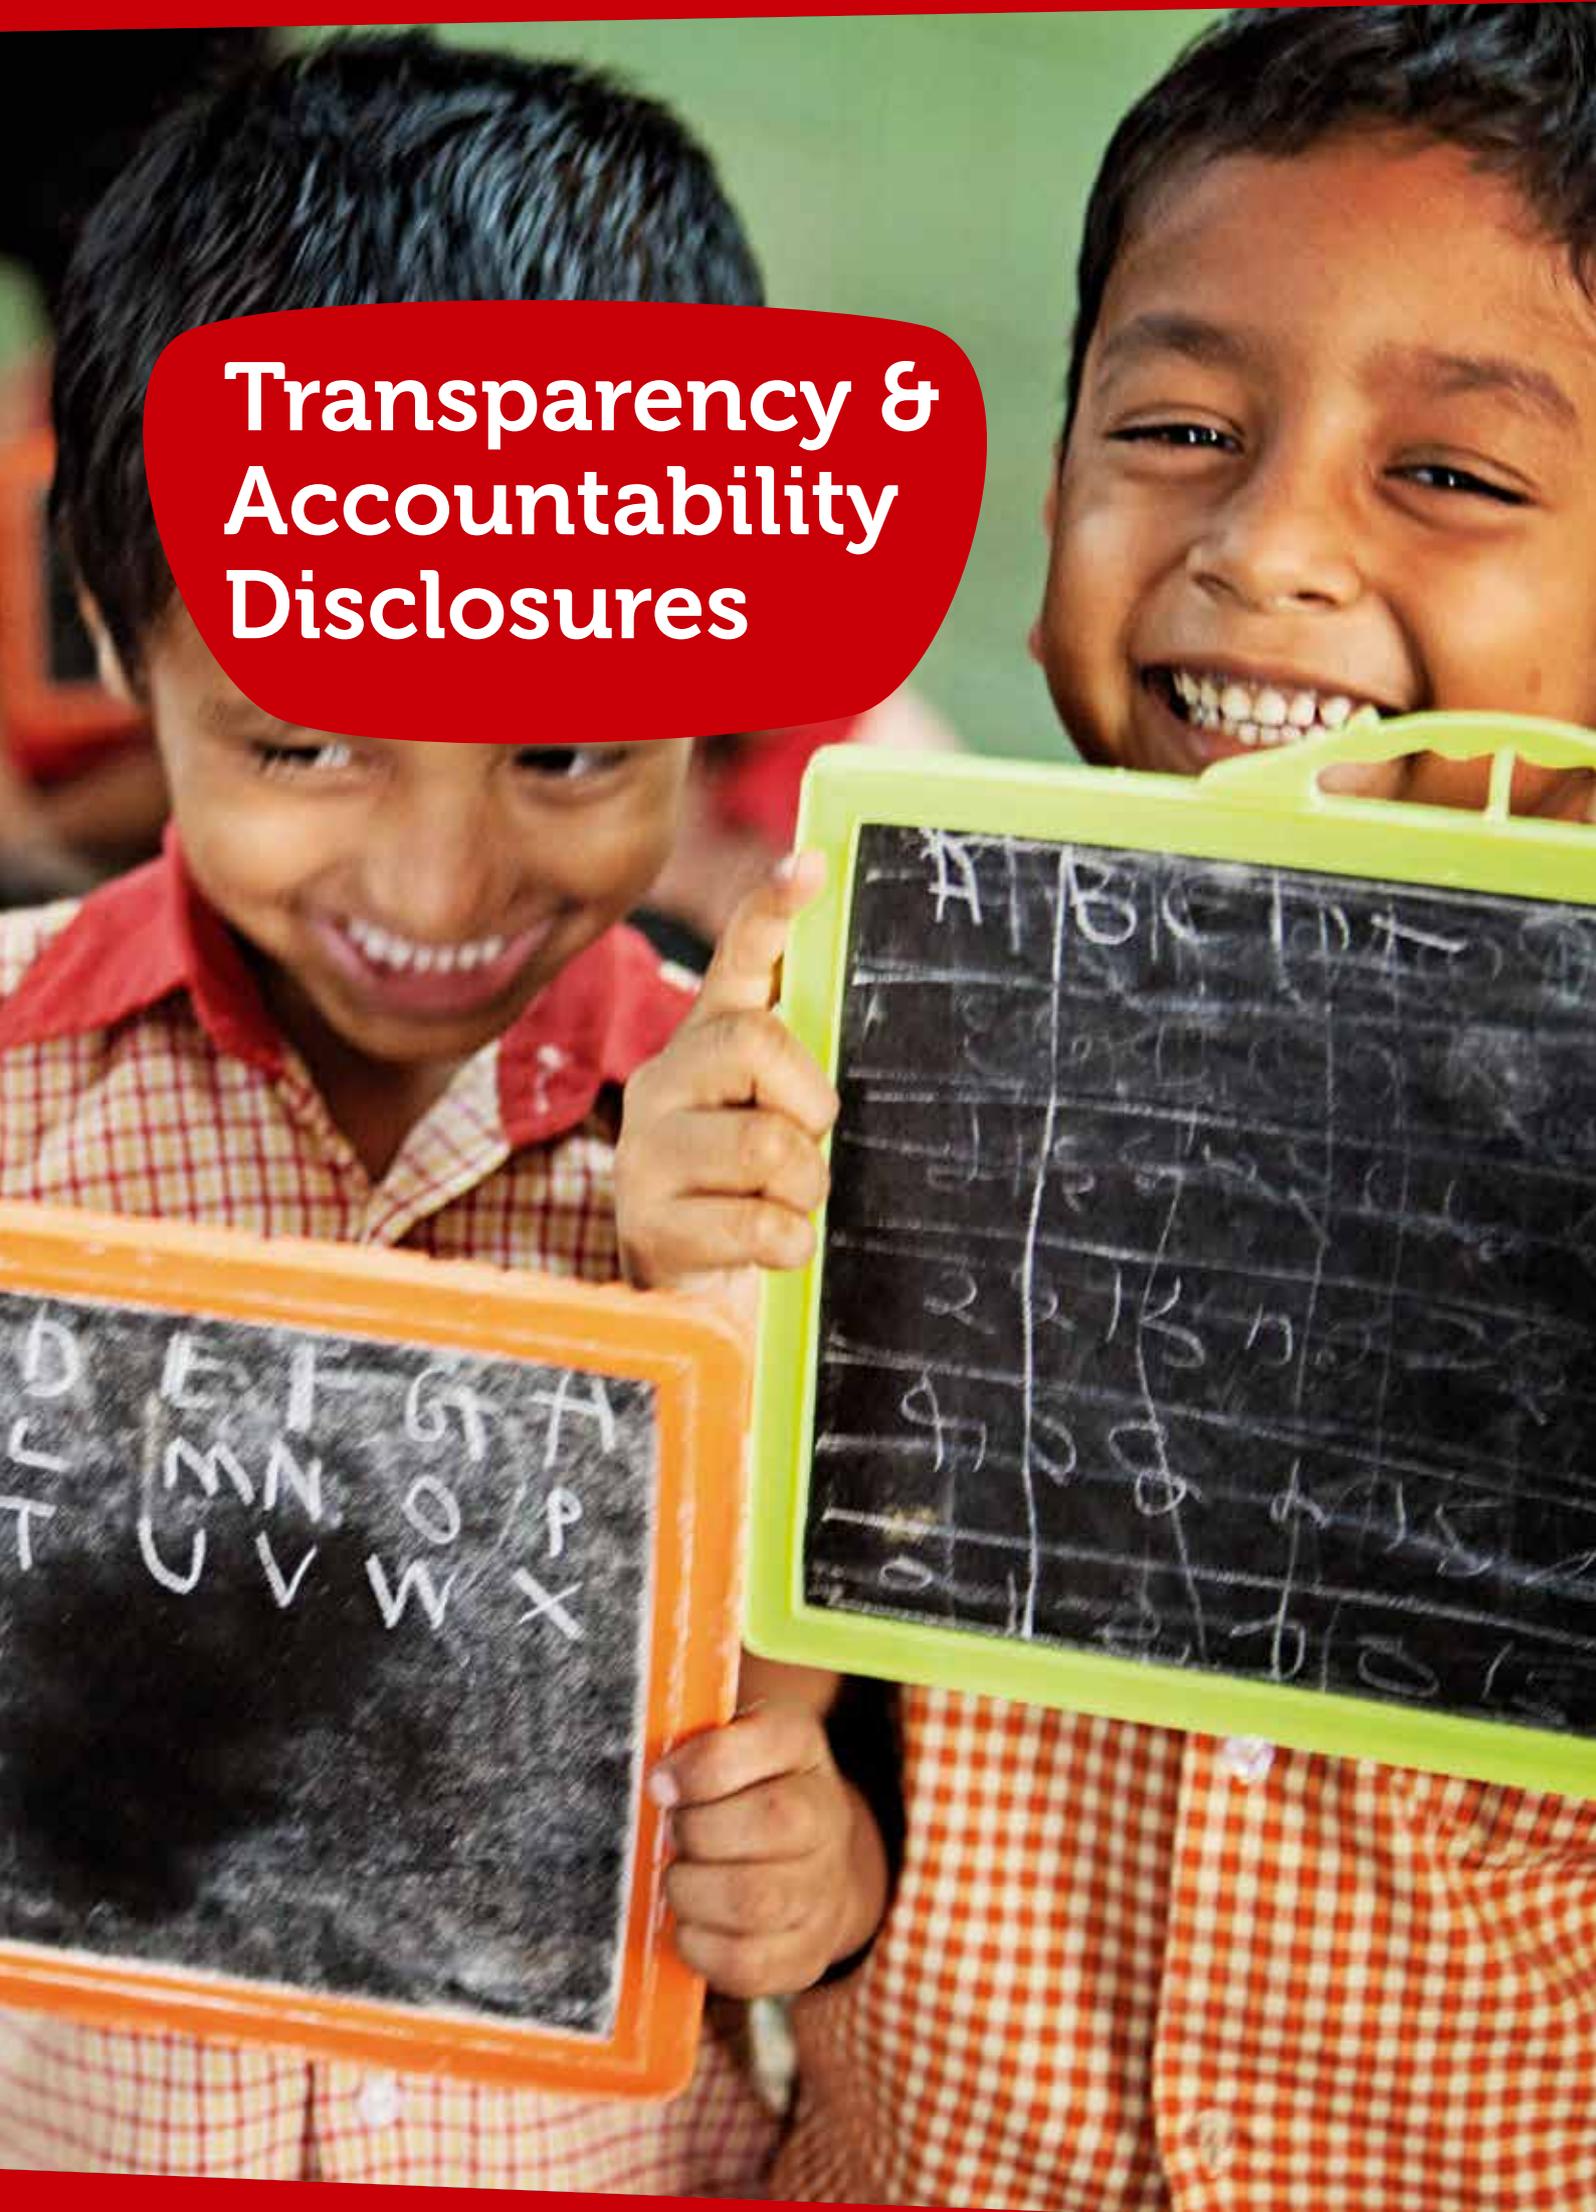

delivery kits for a clean and safe birth. CORP provides medicine, medical care and financial support as needed, follow-up with those who have been referred to the hospital for major ailments.

Staff & Volunteers

Laura | White Helmets Volunteer

“ I got an opportunity to put my experience to the service of those who are in great need. It's the most fulfilling job “

Hasina | Programme Officer

“ It gives me great happiness when I see beneficiaries realising their rights and living happily ever after ”

Staff & Volunteers

At CORP we nurture human relations and share happiness because we believe that staff development is the key to progress.

Our loyal and experienced staffs are our biggest strength. Over the years they have shown their dedication to our vision by their continued service. We value their experience, but at the same time we are also aware of the new challenges. Hence, we have been hiring staff from the local community as well as new talents in order to enrich our team.

CORP hosted annual staff outing, development programmes and trainings to boost the spirits of the staff. We also started some important HR improvement projects and developed HR manual.

Our volunteers from India as well as abroad have selflessly helped us in many ways. Many have dedicated months or years to CORP, teaching beneficiaries English, computers, art and craft. Some have even helped us in fundraising and back office projects. We are very thankful to all of

them. Without their affection and commitment, CORP wouldn't have achieved so much. We welcome more such dedicated persons wishing to help the underprivileged.

Donors & Supporters

Without the support from the following donors and partners, CORP would not be in a position to provide invaluable services to the countless number of vulnerable women and children of Mumbai. We sincerely thank each and

every one of these organisations and individuals for their continued support and belief in the work that we do. We hope that these relationships continue to exist, long into the future.

Many thanks to CORP's Governing Board and the Executive Committee for their participation, encouragement, support and overall guidance and patronage.

Dr. John N. Hanchinmani
 | Central Treasurer, The Methodist
 Church in India

“ I am very happy about the various programmes developed and conducted by CORP, thereby transforming the lives of the less fortunate children and needy women through its work. I appreciate the hardwork and tenacity, which helped them in facing various challenges and problems, thus making this organization strong and also received many Awards. I wish the Management, Mr. Nirmal Chandappa-Director and staff all the best ”

N. Thomas Rajkumar

| Director, HCDI

“ I feel proud to see smiles on the faces of disabled children attending schools, colleges and universities through CORP’s programmes. Their joy reflects their academic performance and achievements. We hope that the work of CORP will continue to inspire all of us to understand the unknown talents of these special children and help them achieve and realize their potential. I wish the Director, staff and the beautiful children my very best wishes ”

- Educational Support
- Community toy library
- Educational, medical, health and nutrition support

Women

- Vocational Training and Income Generation
- Self-help Groups
- Support for senior citizen
- Awareness, medical, health and nutrition support

Community

- Family Counselling
- Medical Camps
- Social Awareness

Head Office

Get Involved

Follow us on Facebook. Visit. Volunteer. Raise funds. Donate. Be a part of our community.

We are pleased to accept monetary donations by cheque, wire transfer or by credit card, as well as in-kind donations of new goods.

Your contribution will help us to change lives, build stronger communities and make a lasting change in Mumbai.

Donations to CORP are eligible for tax exemption under section 80-G of the Income Tax Act for Indian taxpayers. Online donations are eligible for tax exemption under section 501(c)(3) of the United States Internal Revenue Code for American taxpayers.

Community Outreach Programme

Methodist Centre, 1st Floor, 21, YMCA Road,
Mumbai Central, Mumbai - 400 008, India.
